

## Quality and Environmental Policy

It is the policy of D. NOMIKOS S.A. to consistently provide the highest quality of products and services to customers, while improving its environmental performance by means of comprehensive Quality and Environmental Management Systems.

The Quality Assurance Manager is responsible for ensuring that the requirements of the Quality and Environmental Management Systems are fully understood and strictly implemented and maintained at all levels in the Company's organization, and at all stages of the production process.

The Quality and Environmental objectives of D. NOMIKOS S.A. are as follows:

- Production of safe and authentic products.
- Conformance with customer specifications and expectations, as well as compliance with the current Greek and European laws and regulations for tomato products, and relevant legislation in the country where the product will be sold, environment protection and pollution prevention.
- Creation of long-term relations with customers, and full understanding of their needs.
- Creation of a collective commitment to quality within the entire organization.
- Quality improvement through continuous review of requirements and achievements.
- Operation with reference to compliance on Environmental licenses.

- Identification and evaluation of the environmental impact of its activities and target setting for continuous protection of the environment through environmental programs.
- Rational and Efficient usage of energy, water and natural resources to reduce their consumption.
- Contribution to tackle climate change through participation in EU Emissions Trading Scheme (EU-ETS).
- Collaboration with licensed waste management companies which follow management practices in accordance with applicable laws.

D. NOMIKOS S.A. ensures the conservation and sustainable development efforts for continuous improvement in quality and environmental performance and implements the best environmental applicable options to help improve product quality and protect the natural environment.

In support of these objectives, all personnel is committed to conform with the requirements of the Quality and Environmental Management Systems, to which top management gives full support and top priority.

The above policy is comprehensible and widespread in all parts of D. NOMIKOS S.A, and available to employees and interested parties.
